

THE ARTS CENTER
Jamestown, ND
OPEN CALL

Call for Exhibiting Artists

*“Creativity is contagious,
pass it on.”*

–Albert Einstein

Whether you are a seasoned professional artist or an emerging student artist, The Arts Center in Jamestown may have opportunities for you in its exhibition program. Supporting artists of all levels is paramount to our mission to *Enrich Jamestown through the Arts.*

Opportunities

In The Arts Center’s main gallery, there is a new fine art exhibit every 4 – 6 weeks. Exhibitions range from serious, thought-provoking themes to playful, light-hearted subjects. Installations run the spectrum of single artist exhibitions and theme exhibits to group shows featuring all mediums.

In addition to the main gallery space, we have two smaller exhibit opportunities: The Arts Center’s Lobby gallery and Rotating Artist Gallery at the Jamestown Regional Medical Center (JRMC). The latter is a collaborative effort to give artists another exhibition venue and provide patients, staff and families a positive health care experience.
